

## **Gender Pay Gap report for Saint John of God Hospital CLG**

**Snapshot Date 30th June 2024**

As a not-for-profit organisation delivering mental health treatment and care, and training, and dementia services by way of direct clinical and social care, education, training, and support, Saint John of God Hospital CLG is a “Company Limited by Guarantee” (CLG). It is registered in Ireland as Company Number 430743.

The main objective of the company is to respond, in the manner of Saint John of God, to the needs of people requiring mental health and dementia services. Through the provision of a range of mental health and social services, individuals are supported and empowered on their recovery journey and to live the best possible life that they can. In addition, the company provides education and training to healthcare professionals and the wider community. The three services within the company are provided as follows:

1. **Saint John of God Hospital**, Stillorgan, Co. Dublin is an independent acute psychiatric teaching hospital with 180 in-patient beds and one of the leading European providers in mental health treatment and care. The hospital also has outpatient services available in Dublin.

In addition to a range of outpatient services, which include psychiatry, psychology, Couple & Family Therapy, and other outpatient services in development, the Hospital currently provides specialist inpatient services in:

- Addictions
- Psychosis
- Depression
- Eating Disorders
- Mood Disorders
- Psychiatry of Later Life
- Adolescent Mental Health

The Hospital is affiliated with University College Dublin, Trinity College Dublin, Dublin City University, the University of Limerick for undergraduate and postgraduate healthcare professional programmes, The Royal College of Surgeons in Ireland and the College of Psychiatrists of Ireland.

2. **Saint Joseph’s Shankill** provides residential care to 60 people and also provides day care and respite services. As a Meaningful Care Matters Butterfly Home, Saint Joseph’s delivers specialised, person-centred dementia care, ensuring that individuals living with dementia receive support that goes beyond their physical and clinical needs—focusing equally on their emotional, psychological, and

social wellbeing. Through meaningful connections and a compassionate approach, individuals living with dementia retain a strong sense of identity and belonging, knowing that they still truly matter.

- Mental Health First Aid Ireland (MHFAI)** is the initial help given to someone who is developing a mental health issue, a reoccurrence of an existing mental health issue or someone who is in a mental health crisis. The first aid is given until appropriate professional support is received or until the crises resolves.

Mental Health First Aid Ireland is the only licenced provider of mental health first aid training in the Republic of Ireland and has provided training to over 21,699 people to 30th June 2024. Our vision is a supportive community with a willingness to address mental health problems when they arise and enable recovery. MHFA has been shown to be effective in improving mental health literacy, reducing stigma, and improving help-giving behaviours.
